### **PERSONAL INFORMATION:**

Date of birth: 29<sup>th</sup> of July, 1989.

Social status: Single.

Nationality: Egyptian.

Military status: Finished.

### **EDUCATION:**

Benha University, Faculty of engineering, Benha, Egypt. 2006 - 2011

B.Sc. of Mechanical Power Engineering, very good honors (80.31%), ranked second of 150 students.

Graduation project: Hotel Building HVAC Design System, Excellent.

### **EXPERIENCE:**

Faculty of engineering, Benha University, Egypt. March 2013 –

Demonstrator in mechanical engineering department. Present

- Teaching many engineering courses for students (Industrial Refrigeration – Cryogenic Technology – Gas Dynamics – Invironmental Technology - Theory of Machines – AutoCAD & Solidworks)

### **TRAINING:**

Middle Delta Company for Electricity Production “Mahmoudia Power Station Sector”, Egypt. Al-Mahmoudia, July 2008

- Training on mechanical power stations for producing electricity.

Industrial Training Council (Ministry of Commerce and Industry), Egypt. February 2010

- Training on electrical control circuits.
- Training on maintenance of hydraulic and pneumatic equipment.

Benha Higher Institute of Technology, Benha, Egypt. April 2010

- Training on firefighting systems.

Technical Group Company, Egypt. July 2010

- Training on the systems of central air conditioning.

Faculty and leadership Development Center, Benha University, Egypt.

January 2014

- Training on effective presentation.
